MONTHLY INFECTION CONTROL SUMMARY

POLICY:

The prevalence of infections will be calculated monthly.

PROCEDURE:

The Infection Prevention & Control Lead will:

- 1) Monitor the Infection Control Case List on PointClickCare and track and trend monthly the infections that have been treated with antibiotics.
- 2) Analyze and interpret the summarized information on infections.
- 3) Initiate any education, training, or precautions that may be indicated resulting from the analysis.
- 4) Highlight any trends or patterns and report to the Director of Nursing Patient Care and the IPAC committee.
